PURPOSE

TO BE A NATURAL PLACE OF BEAUTY where memory loves to linger, a cemetery must be so designed that each burial space will be a unit, which makes for the perfection of the whole.

IT HAS BEEN INVARIABLY HELD that purchasers of such burial spaces acquire only the right to the intended use of them and that the interment organization retains the legal title to the ground itself. Because of this, a transaction is not ended with the final payment by a purchaser of the interment rights in the cemetery property, but a continuing relationship exists between the seller and the purchaser or his successors in interest.

ALL PROPERTY OWNERS AND VISITORS within the Cemetery, and all burial spaces, or parts thereof sold, shall be subject to these *Rules and Regulations* and subject, further, to such other rules and regulations, amendments or alterations as shall be adopted from time to time by the cemetery. The reference to these *Rules and Regulations* in contracts and other documents of the Cool Spring Natural Cemetery, shall have the same force and effect as if set forth in full therein.

DEFINITIONS

As used in these *Rules and Regulations*, the following definitions apply:

- A. The term "**Cemetery**" shall mean the Cool Spring Natural Cemetery and any extension(s).
- B. The term "**Owner**" shall mean the owner of rights of interment in burial spaces.
- C. The term "**Burial Space(s)**" shall mean a space for interment and shall include lot, site, plot, grave, crypt and niche.
- D. The term "**Interment**" shall mean burial of the remains (body or ashes) of a deceased person.
- E. The term "**Memorial**" shall mean any marker or structure upon any burial space placed thereupon or therein or partially therein for the purpose of identification or in memory of the interred.

SUPERVISION OF CEMETERY

1. **ADMISSION TO CEMETERY:** This Cemetery reserves the right to compel all persons coming into the Cemetery to obey all rules and regulations adopted by the Cemetery. The President of the Cemetery may change the *Rules and Regulations* without notice to any Owner, with updated rules posted on the Cemetery website. This Cemetery is a private corporation and it reserves the right to refuse admission or the use of any Cemetery facilities at any time, to any person or persons whose conduct the management deems objectionable to the best interests of the Cemetery.

2. **MANAGER TO ENFORCE RULES:** The Manager is hereby empowered to enforce all rules and regulations, and to exclude from the property of the Corporation any person violating the same. The Manager shall have charge of the grounds and buildings, and at all times shall have supervision and control of all persons in the Cemetery, including the conduct of funerals, weddings, traffic, employees, burial space owners and visitors.

3. **MANAGER IS SUPERINTENDENT, POWER TO ARREST:** The Cemetery Manager is the Superintendent for purposes of law, and has the power to arrest, as noted in Section 19.2-14 of the Code of Virginia:

7. **TRESPASSERS ON CEMETERY BURIAL SPACES:** Only the burial space owner and his or her relatives shall be permitted on Cemetery burial spaces. 8. **INGRESS/EGRESS:** The Cemetery reserves to itself and to those lawfully entitled thereto, a perpetual right of ingress and egress over burial spaces for the purpose of passage to and from other burial spaces.
9. **ERRORS:** The Cemetery reserves, and shall have, the right to correct any errors that may be made by it either in making interments, disinterments (not normally permitted) or removals, or in the inscriptions, transfer, or conveyance and substituting and conveying in lieu thereof other interment rights of equal value and similar location as far as possible, or as may be selected by the Cemetery or, in the sole discretion of the Cemetery, by refunding the amount of money paid on account of said purchase. In the event such error shall involve the interment of the remains of any person in such burial space, the Cemetery reserves and shall have the right to remove and transfer such remains so interred to such other burial space of equal value and similar location as may be substituted and conveyed in lieu thereof. The Cemetery shall also have the right to correct any errors made by placing an improper description on the memorial.

17. **MINIMAL GROUNDS MAINTENANCE:** The general maintenance of the cemeteries and grounds, designed to maintain the natural environs and appearance, shall be the responsibility of the Cemetery. 45. **RIGHTS OF OWNERS:** All burial spaces conveyed shall be presumed to be the sole and separate property of the person or persons named as grantee in the instrument of conveyance, provided, however, that the husband or wife shall have a vested right of interment of his or her remains in any burial space conveyed to the other, which right shall continue as long as he or she shall remain the husband or wife of the burial space owner or shall be his or her wife or husband at the time of such burial space owner's demise. No conveyance or other action, without the joinder therein or by written consent attached thereto, shall divest such husband or wife of such vested right of interment, provided, however, that a final decree of divorce between them shall terminate such vested right of interment unless it shall be otherwise provided by such decree of divorce.

- a. In all conveyance to two or more persons as joint tenants, each joint tenant shall have a vested right of interment of his or her remains in the burial space so conveyed. Upon the death of a joint tenant, the title to the burial space theretofore held in joint tenancy immediately vests in the survivor or survivors, subject to the vested right of interment for the remains of the deceased joint tenant owner.
- b. A vested right of interment as in this rule provided may be waived and shall be terminated upon the interment elsewhere of the remains of a person entitled thereto.

46. **NOTICE OF FUNERAL:** The right is reserved by the Corporation to require at least twenty-four hours notice prior to any interment or entombment, and at least one week's notice prior to any disinterment (not normally permitted), or removal.

47. **HOLIDAYS:** On Holidays (legal holidays of national acceptance), interments may be restricted to emergency situations and will be subject to the approval of the properly delegated authority in cases of contagious diseases. Cemetery service approved and rendered on any such holidays may be subject to an additional service charge.

48. **AUTHORITY FOR USE OF PROPERTY:** The Corporation reserves the right to refuse interment in any section and to refuse interment for any purpose except on written authority of the owner or owners of record, or upon authority of his, her, or their legal heirs and further authorization from any and all persons having legal authority over the body of the deceased. Satisfactory proof of any individual's right to give such written authority may be required by the Corporation.

49. **CEMETERY'S CONTRACTORS OR EQUIPMENT MUST BE USED:** Tents, artificial grass, lowering devices and other equipment owned by the Cemetery or by Contractors approved by the Cemetery shall be used exclusively. Exceptions require approval.

50. **REGULATION ON BURIAL SPACES:** The Cemetery reserves the right to decide the depth and size that a burial space shall be dug in the earth, subject to legal and health requirements.

51. **INTERMENT OF MORE THAN ONE BODY:** Only one body can be buried in a single burial space without the approval of the Cemetery and purchase of an additional right of interment, except where the remains of an infant are to be buried with the remains of the parent at the same time, or in specified burial spaces where two cremated remains are allowed in interment spaces.

52. **AUTHORIZATION OF OWNER SUFFICIENT:** The Cemetery reserves the right to make an interment or entombment of any member of the immediate family, or any one of several owners of a burial space, upon the lot owner's advance written authorization. No other person may be interred in any burial space without the written consent of all those owners of a burial space who are recorded as such on the books of the Cemetery.

53. **DISINTERMENT AUTHORIZATION:** The Cemetery reserves the right to refuse disinterment and normally does not permit disinterment. Certainly, no disinterment or disentombment shall be made unless authorized by all of the lot owners and all of the next of kin of the deceased.

The Cemetery shall not be held responsible for failure to exercise this right and for mistakes, which might be made as the consequence of accepting orders by telephone.

55. **DELAYS IN INTERMENTS OR OTHER ACTIVITIES:** The Cemetery shall be in no way liable for any delay in the interment of a body, or for any delay in the fulfillment of any of its contracts or legal obligations, including but not limited to maintenance, care, memorial work or construction, which may arise from causes beyond its reasonable control and, especially, from delays caused by the elements, an Act of God, common enemy, thieves, vandals, strikes, malicious mischief makers, explosions, unavoidable accidents, invasions, insurrections, riots, or order of any military or civil authority.

56. **EXCHANGE OF INTERMENT RIGHTS:** The Cemetery reserves the right to exchange for burial spaces of equal size and value, the burial space or spaces of any owner which may be needed for any general improvement, feature, project, or landscaping of any kind that is planned for the beautification or ornamentation of the Park, or for the establishment of additional facilities created to render better services to the community.

- a. In the event the Cemetery desires to exchange an owner's burial space prior to any burials being made therein, notice of the exchange shall be sent to the owner or his representative at the last known address. The exchanged burial space shall be of equal size and of equal price originally paid for the original burial space, and shall be made with the owner's consent whenever possible. In the event the new location or any other that may be available is unsatisfactory to the owner, the Company shall refund the original purchase price of the said burial space it desires to exchange.
- b. If the Cemetery has had no written objection to two mailed notices of the exchange within 10 days of the date of the second notice, the refund provision recited above shall expire and shall no longer apply.
- c. The Cemetery reserves the right thereupon to issue a supplementary contract, notifying the owner, his heirs, executors, administrators or assigns of the new location it has selected in exchange, and proceed to correct its records to show the new location, cancel the old contract and issue a new contract showing the new locations.

57. **NO LINER OR VAULT ALLOWED:** The Cemetery does not allow liners or vaults in graves; urns for cremains are permitted.

All containers must be pre-approved by the Cemetery. Metal caskets or non-biodegradable caskets are prohibited. Caskets with excessive paint or varnish are prohibited.

60. **CASKET NOT TO BE DISTURBED:** Once a casket or container containing a body is committed to the care of the Cemetery, no person or persons, without the consent of the legal representatives of the deceased, or without a Court Order, shall be permitted to open the casket or container, or to touch the body.

61. **TRANSFERS OR ASSIGNMENTS:** The sale or transfer of any interment rights by any Owner or purchaser, shall not be binding upon the Cemetery unless same shall first be duly approved in writing by the properly authorized officer of the Cemetery and then such interment right must be reconveyed to the Cemetery. The Cemetery shall issue a Certificate of Ownership to the new Owner. The same rule shall apply in all cases of assignment of purchase contract for interment right. This procedure is required in order that the Cemetery may at all times have a complete and accurate record of all owners and purchasers.

62. **TRANSFER APPROVAL:** The Cemetery shall not approve a transfer until it is reasonably satisfied that all relevant obligations and conditions are in order.

63. **INDEBTEDNESS:** The Cemetery may refuse to consent to a transfer of a burial space or any interest therein, or to an assignment, as long as there is any indebtedness of any payment due the Cemetery from the record burial space owner, or his or her heirs, administrators or executors.

64. **TRANSFER CHARGES:** Any and all transfers of any interment right, whether same be by conveyance or assignment of purchase contract, are subject to all rules and regulations of the Cemetery, which are now in full force and effect or which may be hereafter enacted. All transfers of ownership shall be subject to the transfer charge in effect at the time of transfer, which must be paid to the Cemetery when the transfer is recorded.

65. **BURIAL SPACE NOT TRANSFERABLE IF USED AND USE:** Whenever an interment is made in a burial space that has been transferred by certificate of ownership to an individual owner by the Cemetery and is held as a separate burial space, it shall be indivisible; and the whole of such burial space thereby becomes inalienable and shall be held as the family burial space of the owner, in which one burial space may be used for the owner's interment, one for the interment of the surviving husband or wife, if any, of the owner who by law has a vested right of interment therein, and in those remaining, if any, the parents and/or children of such deceased owner may be interred, in the order of need, without the consent of any person claiming any interest therein. In the event there shall be no parent or child surviving such deceased person, the right of interment therein shall go to the next heirs at law of said deceased owner as specified by the statutes of descent. Any surviving husband or wife, and any parent, child or heir of such deceased owner, may waive his or her right of interment in said burial space in favor of any other relative of such deceased owner, or of his or her spouse, and upon such waiver, the body of the person in whose favor the waiver is made may be interred therein.

66. **FUNERAL SERVICE:** Except for cremations, a licensed Funeral Director must oversee all burials.

67. **CHAPEL USE:** Cool Spring Natural Cemetery offers an outdoor funeral pavilion chapel for use by its clients. The Funeral Chapel must be reserved in advance with the Cemetery Manager prior to use. Funeral Chapel use will be prohibited prior to full payment of contract cost.

MEMORIAL STONES

70. **MEMORIAL STONES:** A maximum of two memorial stones shall be permitted on one burial space, unless otherwise approved by the Cemetery at the time of the sale of the interment right. No memorial stone shall be permanently set. All memorial stones shall be in compliance with the Cemetery rules and regulations and placed as prescribed by the Cemetery, to conform to the general plan of the Cemetery. Markers cannot be placed until the burial space and, when applicable, the second right of interment, are paid in full. For a companion marker both burial spaces must be paid in full.

71. **MEMORIAL STONES ENGRAVED BY OUTSIDE SOURCES:** Memorials may only be made from natural stones purchased from the Cemetery, unless otherwise permitted by the Cemetery Manager. Approval will be given at the Cemetery's sole discretion, for memorial engravings of river stones from a source other than the Cemetery, provided there is compliance with all specifications outlined herein and in accordance with the Cemetery's policy governing memorials purchased from outside sources in effect at the time of purchase. Memorials, whether purchased from the Cemetery or from an outside source, cannot be placed until the burial space and, when applicable, the second right of interment are paid in full. For a companion marker both burial spaces must be paid in full.

72. **THEFT:** All memorial stones are the property of the individual owner. Therefore, any damage due to weather; acts of God; vandalism; malicious mischief; or theft, are the responsibility of the owner.

MODIFICATIONS

73. **MODIFICATIONS:** The Cemetery may, and it hereby expressly reserves the right, at any time or times, with or without notice to Owners, to adopt new rules and regulations, or to amend, alter and/or repeal any rule, regulation and/or article, section, paragraph and/or sentence in these *Rules and Regulations*. Updated rules will be posted on the website.

74. **EXCEPTIONS:** Special cases may arise in which the literal enforcement of a rule may impose unnecessary hardship. The Cemetery, therefore, reserves the right, without notice, to make exceptions, suspensions or modifications in any of the *Rules and Regulations* when, in its judgment, the same appear advisable; and such temporary exceptions, suspensions or modifications shall in no way be construed as affecting the general applications of such.
